El Rocio Espresso machine

Dignity 2GR

The Pinnacle of Precision in Espresso Technology

Crafted in the heart of South Korea, El Rocio's "Dignity" espresso machine was developed to meet the rising demands of specialty coffee aficionados. Introduced in 2018, the Dignity machine revolutionizes the way baristas interact with their equipment, providing unparalleled precision and control.

Key Features

Dual Pressure and Temperature Control: Each group head operates independently, allowing for precise adjustments and consistent extraction, essential for specialty coffees.

Dual Pump and Boiler System:

Ensures stable, simultaneous operations with impeccable heat and pressure management.

Direct Group Head Heating System (DGH):

A hallmark of El Rocio technology, the DGH system directly heats the group head to maintain optimal temperature with every shot.

Ease of Maintenance:

Designed with user convenience in mind, the Dignity features an intuitive assembly process, making maintenance straightforward and efficient.

With its robust construction and intelligent features, the Dignity is an epitome of Korean craftsmanship, tailored for high-volume specialty cafes that refuse to compromise on quality and reliability.
